BILLING CODE 4410-15-M

Notice of Lodging of Consent Decree Pursuant to Multiple Environmental Statutes

In accordance with United States Department of Justice policy, 28 CFR 50.7, notice is hereby given that a proposed consent decree in *United States v. Puerto Rico Electric Power*

Authority, No. 93-2527, was lodged on January 10, 1997, with the United States District Court for the District of Puerto Rico. The consent decree resolves the United States' claims against the Puerto Rico Electric Authority ("PREPA") that are identified in a complaint filed on October 27, 1993. In that complaint, the United States cited PREPA for violations of multiple federal and Commonwealth environmental statutes and regulations, including: (1) the air quality and emission limitations requirements of the Clean Air Act, 42 U.S.C. 7401-7431; (2) the effluent limitations and National Pollutant Discharge Elimination System requirements of Sections 301 and 402 of the Federal Water Pollution Control Act (the "Clean Water Act"), 33 U.S.C. 1311, 1342; (3) the oil pollution prevention requirements promulgated at 40 CFR Part 110 pursuant to Section 311 of the Clean Water Act; (4) the inventory reporting requirements for hazardous chemicals pursuant to Section 312 of the Emergency Planning and Community-Right-to-Know Act ("EPCRA"), 42 U.S.C. 11022; (5) the hazardous substance release reporting requirements promulgated at 40 CFR Part 302 pursuant to section 103 of the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA"), 42 U.S.C. 9603; (6) the hazardous substance release reporting requirements of Section 304 of EPCRA; and (7) the underground storage tank requirements promulgated at 40 CFR Part 280 pursuant to Section 9003 of the Resource Conservation and Recovery Act, 42 U.S.C. 6991b. The United States sought civil penalties and injunctive relief for the violations alleged in the complaint.

In the proposed consent decree, PREPA agrees to pay a civil penalty of \$1.5 million; to implement environmental projects costing \$3.5 million; to spend \$1 million to hire an Environmental Review Contractor to oversee and monitor PREPA's implementation and compliance with the proposed consent decree; and to undertake extensive injunctive relief designed to assure PREPA's compliance with environmental laws and regulations.

The Department of Justice will receive, for a period of sixty (60) days from the date of this publication, comments relating to the proposed consent decree. Comments should be addressed to the Assistant Attorney General for the Environment and Natural Resources Division, U.S. Department of Justice, Washington, D.C. 20530, and should refer to *United States v.
